Rye Fire and Rescue Jet Ski is operational 2. Army Corp of Engineers visited Rye Harbor. Selectman will need to continue pushing our Federal representative to obtain funding for dredging the Fall of 2020. 3. Library Trustee reported the Patricia Quinn Little Free Library at Cable Road extension is being well utilized. 4. David Maxson of Isotope was questioned on his RFP response for Cell Coverage support work. Includes identifying locations, options and ordinance changes. 5. New Hampshire Fish and Game would like to pass ownership of Pulpit Rock Tower to the Town. Friends of Pulpit Rock have completed most of the restoration work and going forward costs should only be maintenance related. Further discussion with the Heritage Commission is needed to discuss how this could be accomplished. 6. Comprehensive Environmental proposed a free pilot of their drone based approach to identifying failed septic systems in the Parson's Creek Watershed. Privacy and other concerns were raised by the Select Board and residents. Resident pointed out that the impaired Parson's Creek watershed is from an over-saturation of septic systems and implying that identifying failed systems is deflecting focus from the underlying problem. <u>More Information</u> 7. Residents spoke to their letter stressing the intent and need to keep the Parsonage as affordable housing.

Rye Town Handbook from the Rye Civic League:

NOTE: 2018 Update are available at the Library, the Hungry Horse and other locations. All sections are also posted on the Rye Civic League website

The Rye Citizens' Handbook has been created by the Rye Civic League ("RCL") to provide a consolidated resource to assist citizens in interacting with the various employees, board and commission members of the Town. It contains a description of each of the positions and groups, together with the contact information for each. It provides a road map to assist citizens in interacting with each function. The document is fluid. The intention of the RCL is to revise the Handbook at least annually in response to changes in staff, board and committee memberships, and the laws.

Special thanks to **Mae Bradshaw** who created and maintains the handbook. <u>Click Here for a PDF version of the handbook</u>

- Summarize a town meeting for the Civic News
- Editing the Civic News content
- Helping with Candidates Night and other civic events
- Social Media savvy person

- Website and help to fulfill our "digital transformation" vision. We envisioned a more effective capture of meeting summaries, a much better website and more dynamic communication.
