Article 5 \$200,000 New Backhoe (Front End Loader)

Replaced JD #207 for \$158K last year.

This is to replace #204 Cat IT 28F Wheel Loader. The 1996 loader is used for moving Transfer station bins and containers. \$200K coming out of the DPW Equipment Fund (leaves \$69K)

There will be a swap, Two loaders from Highway will move to the Transfer Station staff and this will go to Highway.

Yes: Allow town to use \$200K from reserve funds for a new Loader for Highway Dept.

No: Do not allow funds to be used to replace backhoe. Continue to use existing equipment.

Cat Loader #1 also designated Equipment #204 is a Caterpillar IT 28F Wheel Loader, purchased in 1996 for \$114,900. It is used for moving all of the demo containers and rubbish containers. It is currently 25 years old and has 11,500 hours on it. Its service life expectancy is 25 years. This loader is scheduled for replacement in 2022. Replacement cost for this Wheel Loader is anticipated to be \$200,000. Upon replacement of this Loader, Loader #2 (Equip.#208) the 2014 Volvo loader will be turned over to the Transfer Station staff, and the new loader will be assigned to the Highway Division.

Article 6 DPW Highway Equipment Capital Reserves (\$100K)**DPW:**

- ~ \$1.4M of DPW trucks/equipment used for the transfer station and road maintenance. Lifetimes vary. Rolling replacement plan works out to about \$100K per year.
- Rolling replacement rotates out the oldest equipment as maintenance costs and inconveniences increase; and smooths taxes with contributions each tax year to this capital equipment reserve.
- DPW staff plans on purchasing one vehicle a year, each purchase consumes a fair amount of DPW time and effort, so multiple purchases in a year should be avoided

Current Fund Balance is **\$268,921 as of 10/31/2021**

Yes: Add \$100K to the reserve fund to support the rolling replacement plan. Keep tax rate steady despite periodic large ticket items purchased

No: Leave the reserve fund balance as is with no additional funds this year.

What do we already own:

Article 19: Grove Rd. Land Fill Capital Reserve \$3K

Current Balance is: \$6,833 as of 10/31/21

Annual Cost estimates are: Not disclosed

3/31/2021 \$12K balance dropped to \$6K in October. Explanation was to cover testing that is not done every year.

Fund covers the cost of the monitoring and testing of the samples for PFOA.

This is the old Rye Town Dump. When Testing for PFOA started, readings in the harmful range were recorded around the landfill.

This dump and the current Transfer Station are uphill from the Garland well. The soil here is transmissive (i.e., pollutants are less abated as they make their way toward our drinking water)

Yes: Add \$3K to the fund to maintain the testing and monitoring

No: Leave the fund balance as is with no additional funds this year

The darker the blue, the higher the transmissivity.
Transfer Station is 1,610 ft. uphill from the Garland Well

See the Water in Rye presentation to see more information about our Hydrology.
