<b>Twice-Weekly Sprinkler Irrigation Schedule</b>	
<b>Last Digit of Your Address Number</b>	<b>Please Water Only On:</b>
0, 2, 4, 6 or 8 (even numbers)	Sunday & Wednesday 12:01 am – 10:00 am, or 6:00 pm – Midnight
1, 3, 5, 7 or 9 (odd numbers)	Saturday & Tuesday 12:01 am – 10:00 am, or 6:00 pm – Midnight

## How to Water Efficiently

- One inch of water per week will keep grass green
- Don't sprinkle impermeable surfaces (sidewalks, driveways)
- Don't water if it rained in the last 48 hours, or if forecast within the next 24 hours
- Improve efficiency by hand watering gardens, flowers and ornamentals

AQUARION

# Rain Barrels

The screenshot shows the top navigation bar of the Aquarion Water Company website. On the left is the logo with the tagline "Stewards of the Environment". To the right are links for "Pay Bill", "Alerts & Outages", "Start/Stop Service", "Contact", and "Log In to My Account". A language selection dropdown is also present. Below the navigation is a large banner image of many orange rain barrels with the text "Rain Barrel Program" overlaid. Underneath the banner is a breadcrumb trail: "Home / Conservation / Rain Barrel Program". The main content area features the heading "Order your rain barrel today!" followed by a paragraph: "Save water, save money with Aquarion's discounted rain barrel program! Collect and store water for your garden every time it rains—with a barrel designed to fit under your downspout and catch rainwater running off your roof." Below this text is a blue "Order Now" button. To the right of the text is a photograph of a single orange rain barrel with a black downspout adapter attached to its top, positioned next to a house's downspout.
