

Summary of RCL sponsored meeting on Speeding in Rye
Recorded Video: [Click Here](#)

held at RPL Aug 16th

- 31 people attended representing 17 roads in Rye
- History of speeding in Rye shows:
 - many of speed limit signs date to last century
 - speeds are inconsistent on many roads such as Washington and Central where they go from 30 to 35 mph w/ same housing density
 - 2000 houses have been built in Rye in last 70 years adding to density of driveways and number of people and bikers on road
 - 35 mph speed limit signs should be eliminated.
- **Majority spoke and want speeds lowered and other actions taken such as more digital speed monitoring signs**
- **Select Board has authority to set town road speed limits and enact a traffic ordinance RSA 265:63**
- **Meeting with Sel Bd with proposal once all info gathered - To be announced**
