Project Description	Funding Source	Available Funding Amount

	Estimated Principal Forgiveness*	10% Forgiveness
	DWSRF Emerging Contaminant (EC)	\$1,000,000 100% Forgiveness

*Please note, the Washington Road Tank Rehabilitation, Garland Road Water Main, and West Road Well Development project(s) are currently on the non-funded portion of the PPL. If funding for these projects becomes available, NHDES will contact you as soon as possible.*

If you plan to move ahead with your project, the next step is to obtain the authority to borrow the funds and **submit a final application before May 1, 2024**. Once the final application has been submitted, the funding agreement must be approved by the Governor and Executive Council.

We ask that you keep NHDES informed of progress made toward seeking the authority to borrow. We recommend that any resolution or warrant article authorize borrowing the full project amount.

Should your project not move forward, please contact us as soon as possible. If you have any questions or would like to set up a meeting to review the process and project scope, please contact Kim Kelliher at (603) 271-4170 or by email at [kim.c.kelliher@des.nh.gov](mailto:kim.c.kelliher@des.nh.gov).
