

PORTSMOUTH HIGH SCHOOL CELEBRATION GRADUATION

CLASS OF 2024

Since 1984, we've been committed to helping our senior class stay safe and have fun on graduation night. Won't you join us?

What is Celebration Graduation?

Celebration Graduation is a long-standing tradition at Portsmouth High School for all graduating seniors that brings the seniors together safely for a substance-free celebration.

Graduates enjoy an all-night, substance-free celebration including, among other things, a DJ hosted dance, midnight bowling, a hypnotist show, and a sunrise cruise.

We could not possibly do this
without our generous community!

Why do we have it?

Graduation night is historically the highest risk evening of the year for teens who may be tempted to drink and drive if attending private parties. At PHS, over 85% of students typically attend this event! It has become a rite of passage that they don't want to miss out on!

What is my role as a local business?

For 39 years, we have been keeping our students safe on graduation night, and we could not possibly do it without our generous community. It costs around \$90 per student to throw this annual event, and thanks to our local community, we've been able to offer it at no charge to our students. Please join us in keeping our kiddos safe!

Join some of our 2023 sponsors!
