

Subject: Public Involvement Process (PIP) draft NHDOT document for Public Comment

Regional Planning Directors:

Good afternoon. The NHDOT website has been updated to include the draft document- Public Involvement Process (PIP) and the public notice of the 45-day public comment period. The public comment period runs from April 1- May 15, 2024.

<https://www.dot.nh.gov/doing-business-nhdot/general-public>

The document provides an overview of the LRTP, TYP and STIP processes and purpose, identifies opportunities to participate and where to find information. Public participation is vital to understanding issues, discussing solutions, and planning a transportation system for current and future users.

It would be greatly appreciated if you would please post and share this information with the communities in your region and other stakeholders. Thank you for your cooperation in this public outreach effort. If you have any questions, please let me know. Lucy
