

SAVE RYE HARBOR MARINE FACILITY – [PLEASE SIGN OUR PETITION](#)

Rye Harbor is under immediate threat. The historic shacks and related businesses are in jeopardy of elimination.

Rye Harbor is a perfect example of a working harbor where marine activities abound, an irreplaceable gem on the New Hampshire Seacoast.

Pease Development Authority (PDA) manages New Hampshire's Ports and Harbors, including Rye Harbor. PDA is an entity created to attract and develop businesses on the former Pease Air Force Base site; however, it appears that PDA has now taken over making all decisions for Rye Harbor.

PDA's currently proposed plan is to construct a new building in the parking lot across from the existing shacks, taking away valuable parking and boat storage, and to remove all of the shacks currently owned by harbor businesses. To support opposition to the PDA business plan for Rye Harbor, please add your name and address to those listed below.

For more details about the PDA plan and to join our mailing list [CLICK HERE](#).

We, the undersigned business owners and licensed US Coast Guard Captains at Rye Harbor, thank you for your support.

Peter Aikens Jr., Petey's Summertime Restaurant

Captain Peter Aikens III, Harvester Fishing Charters

Captain Adam Baker, Vintage Fish Company

Sylvia Cheever, Rye Harbor Lobster Pound

Captain Patrick Dennehy, Tontine Fishing Charters

Captain Peter Reynolds, Granite State Whale Watch

Captain Dwight Tuttle, Black Dog Fishing Charters
