Part I - Reconciliation

Compare the Sum of all Votes, and the Voter Participation/Voters Checking-In, to the Ballots Cast (from A, B, and C in PART II)

These three numbers below should all be equivalent. Differences may indicate a tallying error. Consider the size of any difference in light of the closest outcome, race, or question. Either do further work to resolve/reduce differences or finalize the results knowing the differences exist. Announce the differences when announcing the results. This allows those considering requesting a recount to know about what differences exist.

The sum of all votes for each "vote for not more than 1" race/question should be equivalent. Significant differences may indicate a tallying error and further work is needed. Enter the sum of all votes for one of the races selected in the box to the right.

776 CD-1

B VOTER PARTICIPATION
