Re: Road Closure Perkins Rd

A handwritten signature in blue ink, appearing to be "JR", located to the right of the recipient information.

The Department of Public Works would like to request a road closure of Perkins Road to facilitate and expedite the culvert replacement project from Monday, September 30 until Friday, October 11, 2024.

The road closure reduces the over cost of the culvert replacement to the town through the bidding process. Base bid is \$131,658.00. Alternate A bid with road closure is \$119,458.00. The road closure saves the town \$12,200.00

The road closure will have minimum impact to the residents and emergency response. The closure of Perkins Road will be from Central Road to Maple Avenue. A detour will be properly signed, and advance notice will be provided. The proposed detour will be to use McLaughlin Drive to Foster Lane to Maple Avenue for both directions of through traffic. Residents who live on Perkins Road will be able to access Perkins Road at all times. The inconvenience will be minor due to the proximity of Maple Avenue intersection with Perkins Road in relation to the culvert project.

The Police and Fire Departments are in support of the closure as it benefits the Town fiscally and poses minimum impact to EMS services.

Thank you for your continued support of the Department of Public Works.

CC: Matt Scruton, Town Administrator  
Mark Cotreau, Rye Fire Chief  
Kevin Walsh, Rye Police Chief
