Re: Outside Details

The requests for road construction details have slowed down. Prior there were several road construction projects on going in the Town of Rye and towns surrounding Rye. The last major road construction project in Rye was in 2019.

To give historical pattern the following at the detail hours worked.

2017 1,488 hours  
2018 1,464 hours  
2019 2,217 hours  
2020 1,264 hours  
2021 1,541 hours, approximate 238 detailed work  
2022 966 hours, approximately 161 detailed work  
2023 1022 hours, approximately 157 detailed work  
2024 610 hours as of 10/24/2024, 100 detailed work

The following is a cost outline.

As of April 1, 2024, Officer \$62.00 per hour  
Cruiser \$15.00 per hour  
Administrative fee \$24.00 per hour  
Total without cruiser \$86.00 per hour

Retirement is for only officers with more than 10 years with department. That is approximately 3 officers.
